Summary

Mobile and backend application Developer with 2+ years of personal experience in **Kotlin** based Android development, seeking full-time system developer roles.

Experience

Pratyush Events | Bihar, Kishanganj

Android Developer | 06/2024 - 06/2025

- Handled development and maintenance of Android application from scratch
- Worked along with backend team to implement messaging service
- Built intuitive UI to attract users using cutting edge Jetpack Compose tech

Freelance

Developer | 02/2023 - 06/2024

- Contributed to the development of Imagine AI, an AI image generation and detection application
- Developed Android applications using Java and Kotlin
- Created and maintained robust UI with Jetpack Compose and XML
- Collaborated with system engineers to optimize performance and scalability of applications

Skills

Kotlin, Jetpack Compose, Android studio, Java, Git, MongoDB, SQL Databases, MVVM, Spring, Hibernate

Projects

AutoUpdater: Released open-source library for developers to add support of automatic OTA updates for other Android apps.
Published on JitPack repository.

Tools: Kotlin, Android Studio, JSON, REST, OkHttp, Ktor

- Support for one-click update - reducing development overhead
- Provides download progress
- Lightweight and developer friendly
- **20+ Stars on GitHub**

IPLGuru: Designed and developed IPLGuru Android app for prediction of IPL match result leveraging Machine Learning.
Published on multiple app stores.

Tools: Java/XML, Python, Android Studio, Machine Learning, SQLite

- Optimized ML model, **raising accuracy to 92%**
- Designed intuitive UI, engaging more users
- Lightweight and offline

Plants: Built a plants identification app leveraging Flask and retrofit to detect plant and show it's scientific name.

Tools: Kotlin, Jetpack Compose, Flask, Android Studio

- Implemented CameraX for image recognition.
- UI developed in advanced architecture with **Jetpack Compose**
- Upto 88% of accuracy in detecting flowers

Education

Swami Vivekananda University | Kolkata

Master's in Computer Application(Pursuing) | 08/2025

University of Kalyani | Kalyani

B.Sc in Computer Science(H) | 08/2023

CGPA- 8.27
